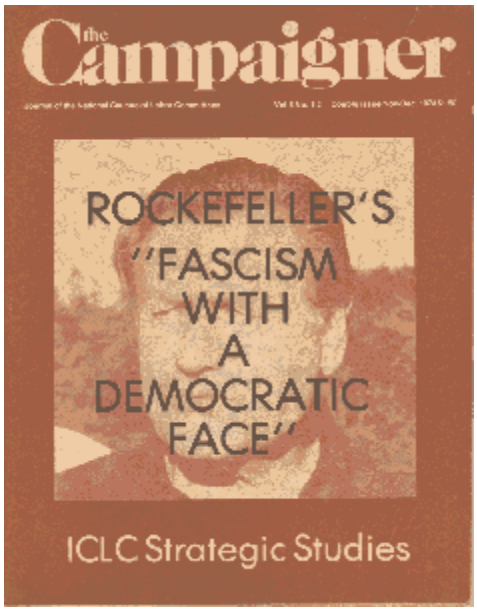
WHAT IS THE “LAROUCHE ORGANISATION”?

By Yves Messer
31/03/2008

IT IS A POLITICAL CULT

Is the LaRouche organisation left or right? Extreme left or extreme right?
In fact it is neither left nor right per se, it doesn’t fit with our terms of reference, those of a democratic society.
When they were Trotskyites, the Trotskyites didn’t accept them as Trotskyites, same with communists, same with extreme right wing, conservatives (US), democrats (US) or neo-Nazis etc... It is a political chameleon. They advance “masked”…
BECAUSE this is NOT a political organization, it is a cult that uses politics for its own ends, a political cult. It is totalitarian by nature (LaRouche would say “authoritarian”). The closest representation of its way of thinking is George Orwell’s “1984”. For the LaRouche cult, politics is not just “war-like”, it IS a war, a perpetual war between Oceania and Eurasia, or between Eurasia and Oceania etc, a war against the enemies of Mankind and Civilisation, the enemies of LaRouche. These enemies are “exposed” by LaRouche by his obsessive and wild “conspiracy-theories”. The world is about to be plunged at any time into the abysses of a “new dark ages”, a World War 3, etc. Their clock always shows “one minute to midnight” for the last thirty-five years[1] and LaRouche (a self-professed economist) has “predicted” a world financial crash nearly every year… for the last thirty-five years! They believe that "saving the world" is the End of the organisation. It is not. It is only a mean to manipulate people (keep them busy) and create a cult of worshipping LaRouche, so that he would be “immortalised”. The worse thing that could happen to them is to be elected!



Of course much of their political platform is attractive; they are antiwar, pro-third World, against drugs, in defence of science and investment in infrastructure and high technologies, in defence of humanism (for a new “Italian renaissance”) or for classical music (Beethoven, Mozart)… But that’s how they catch people’s interest, like Jeremiah Duggan, their latest victim.
The real face of LaRouche is somewhat different and more sinister. In the mid 70s they campaigned against Rockefeller, calling him a “fascist with a democratic face”. LaRouche could be labelled as a “fascist with a humanist face”….

However, their political operations are real and

[1] This “one minute to midnight” motto was still on one of their websites http://wlym.com/tiki/tiki-index.php greeting pages but has been removed recently.

can be harmful, they love to create mayhem everywhere and launch all sort of operations. i.e. their involvement with the Reagan administration's SDI program or more recently the "Diana murder" conspiracy theory in Britain… to name just a few.

"TAVISTOCK" AS A CODEWORD

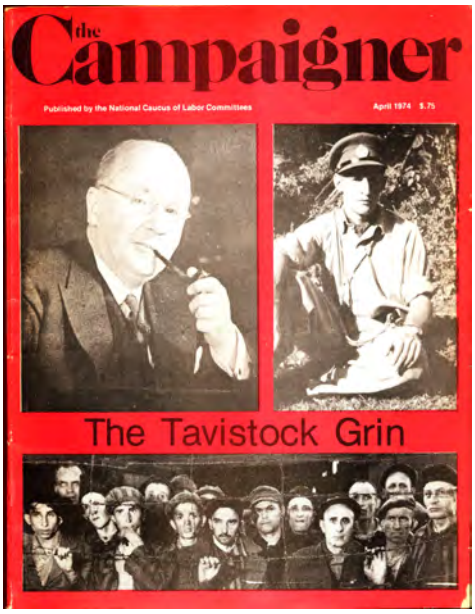
Jeremiah Duggan had been in family counselling, with his divorced parents, at the Tavistock Clinic in London, when he was 7. For the paranoid conspiracy-theorist Lyndon LaRouche this could simply mean a potential risk for LaRouche's own life.

Indeed the "Tavistock Institute" is a **codeword** within the LaRouche organisation that cannot be understood from the outside world.

For LaRouche and his followers it is associated with "brainwashing" against members, with "anti-cult kidnapping" and assassination attempt against LaRouche**.** (aka the threat of the so-called "Manchurian candidate" [2])

It dates back from the 1973-74 period and much of the conspiracy theory about it was published in three consecutive issues of the LaRouche magazine, *The Campaigner*.

In these days, the LaRouche organisation was a Trotskyite-leftist American organisation mainly opposed to alleged Rockefeller's fascist conspiracies and which has just started to expand its political operations in Europe.



LaRouche's interest in "psychoanalysis" was marked by the publication of his "Beyond psychoanalysis" lengthy study published in September 1973 to present himself as an expert in this field to his associates.

Then after the theory came the practice…

A few months later he claimed to have successfully "deprogrammed" three separate members of his organisation who, according

[2] ***The Manchurian Candidate*** is a 1959 thriller novel written by Richard Condon, later adapted into films in 1962 and 2004. The central concept of the book and the subsequent 1962 film is that the son of a prominent political family has been **brainwashed** into becoming an unwilling **assassin** for the Communist Party (source: wikipedia)

to LaRouche were brainwashed in order to kill him… all brainwashed by the so-called "Rockefeller-CIA", i.e. the London-based Tavistock Institute[3] (and with the help of no less than the KGB and/or MI5…)
After a lengthy description of the conspiracy to assassinate him, LaRouche wrote about brainwashing:

> "What induces the victim to submit to brainwashing is his conviction that he is in the hands of an omnipresent, omiscient power which can effectively and promptly take possession of him anywhere. Thus, the world is made into a controlled environment by the victim's terror of the CIA." [4]
>
> "It is technically possible for any trained operators to brainwash almost anyone of about thirty or under given appropriate circumstances. The most obvious of these circumstances is provided by a prison or mental institution, in which the selected victim is helplessly constrained within a controlled environment twenty-four hours a day, with hope of release psychologically distant in terms of the stresses which can be applied by those who control this environment." [5]

… omnipresent, omniscient power, under thirty years old, overstressed, in a controlled environment… this description fits so well with the daily life within the LaRouche organization[6] that he feels the need to reassure that his organisation is not involved in any brainwashing. He writes:

> "There are more restrictions upon the possibility that a private agency or group of persons could accomplish a similar result outside of a special institutional setting." [7]
>
> "The nature of the actual processes of the human mind is such that brainwashing could not be effectively accomplished by private individuals or small groups within society. *Only a government agency can effectively brainwash a victim.*" [8]

But for those who have doubts, he warns:

> "The victim's sense of reality is turned inside-out. "He" or "she" (the pseudo-personality) becomes "I," and the pseudo-I now attributes the value attached to former beliefs and activities to present activities.
> For example, in the **near-dozen cases** of NCLC, RYM, and NUWRO members conclusively known to have been brainwashed for either the CIA or LEAA, **the victim characteristically accused the Labor Committees of "brainwashing" its members** (a clinical impossibility), and reflected his or

[4] cam feb-mar 74 p9
[5] The Campaigner, April 1974, p24
[6] As Dennis King wrote in his "Lyndon LaRouche and the new American fascism"…. these brainwashing techniques "bore an uncanny resemblance to what LaRouche himself was doing to the NCLC membership (aka the LaRouche organization, note)"
[7] The Campaigner, April 1974, p24
[8] The Campaigner, March 1974, p8

> her own personality by attributing a profound personality reversal to me at approximately the point in time they themselves underwent brainwashing!” [9]

So any member who expressed skepticism about brainwashing would become immediately suspect of… being brainwashed… creating so the “controlled environment” required to… brainwash people, according to LaRouche himself! It’s a mental “catch-22” situation… Indeed the victim's sense of reality is turned inside-out…
This was the beginning of the paranoia so typical of the LaRouche organization; the ultimate enemy is not the fascist Rockefellers or the CIA, the real enemy is **within,** within the organization, within ourselves… anybody could be brainwashed without even knowing it… and become a traitor, a defector or an assassin. And the masters in “brainwashing” are London’s Tavistock…
This atmosphere of paranoia and hysteria is comparable to that depicted in Arthur Miller‘s “The crucible” playwright whose central theme is the trial conducted by American puritans against those suspected of being possessed by the devil and doing witchcraft…

All of this anti-Tavistock campaign was supposed to prevent an Orwellian “1984” fascist nightmare:

> “Tavistock CIA technology in "social control" and "brainwashing" permit the plotters to impose a 1984 version of fascism from above.” [10]

As a matter of fact… the “turned inside-out” LaRouche organisation claiming to fight the brainwashers by… brainwashing its own members has become, by the same token, the very same 1984 Orwell’s fascist nightmare it was supposed to fight!
Orwell wrote in his “1984” novel:

> “But by far the more important reason for the readjustment of the past is the need to safeguard the infallibility of the Party. It is not merely that speeches, statistics and records of every kind must be constantly brought up to date in order to show that the predictions of the Party were in all cases right. It is also that no change in doctrine or in political alignment can ever be admitted.”

And when in 1976 LaRouche wrote:

> "Labor Committee and allied Communist forces within the capitalist sector generally are working overnight, constantly, to bring into being a new Marxist International throughout the capitalist sector." [11]

the next year he wrote, in a very “Orwellian 1984 way”:

> "I never had the conception of founding a "true Marxist" association. […] We have never been Marxists, except as regarding Marx as the highest preceding advancement of essential human knowledge. […] More profoundly, as we change we do not change." [12]

Indeed Orwell wrote in ”1984”:

> “Thus, the Party rejects and vilifies every principle for which the Socialist movement originally stood, and it chooses to do this in the name of Socialism.”

At that point the LaRouche organization has become the Orwellian 1984 “fascist nightmare” the members were supposed to expose and combat.

Doublespeak, perpetual state of war, rewriting of the past and of course “Big Brother” aka LaRouche is watching you… Indeed as LaRouche said “the victim's sense of reality is turned inside-out”… which explains why “Marxist” activists who dedicated their lives to create a new communist international will be turned, nearly overnight, into far-right pro-capitalists (aka “higher Marxism”)! And soon its Jewish members will be turned into anti-Semites in the name of a “higher” Judaism [13]…just like in “1984”’s *doublespeak:* peace meant war, freedom meant slavery etc Reality is turned inside-out…

This is also the beginning of a radical redefinition of the “enemy”[14]… It is not about the Rockefeller’s fascists anymore but the **British** being at the center of all possible and wild conspiracies… from drug trafficking to… putting Hitler into power, to Zionism , communism, environmentalism, rock-drug-sex counterculture, international terrorism… name it! And of course, the Tavistock Institute has a special role into this global conspiracy: they have the expertise to brainwash single individuals or entire populations via the counter culture, via cults, and… via the medias! So a LaRouchian is led to believe that it is not he but the rest of the world that is brainwashed… by the Tavistock Institute!

Relevance of “Tavistock Institute conspiracy “ today

In August 1991, in their newspaper “The New federalist” they accused the Tavistock institute for being behind anti-cult and cult operations, involving the CIA and the Jewish lobby… obviously all in league to destroy LaRouche. (see chart next page)

In their Feb. 12, 1993 EIR magazine, they published a dossier blaming the London’s Tavistock institute for being behind the mass-rapes in Bosnia. (see cover right-hand side)

In the same magazine (30 sept 1994), there is a new “historical background” behind the “Tavistock conspiracy-theory” and the “Manchurian candidate”. (at http://spychiatrists.cyberummah.org/eir_british_psychiatry_eugenics.htm)

[13] The infamous *Campaigner* “Judaism is not Zionism” was entirely written by Jewish members of the LaRouche organisation.

[14] LaRouche has written numerous articles about “What is Fascism”. By redefining it, his followers will keep fighting what they believe to be “fascism”. A typical example is the “environmentalist movements”, the ecologists which LaRouche called as “eco-fascists”.

In May 1997 (in their "The American Almanac" newspaper), they published a series of articles "BRAINWASHING: How The British Use The Media for Mass Psychological Warfare", blaming the Tavistock institute yet again. (http://whale.to/b/wolfe.html) Etc. etc…

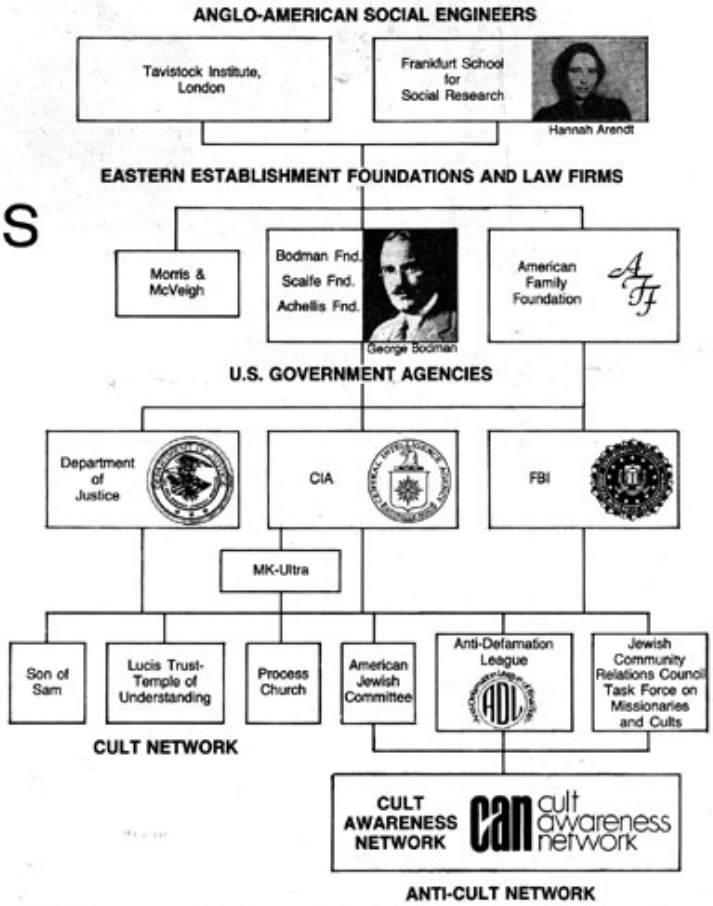
WARNING
The Cult Awareness Network Can Be Dangerous To Your Health

by a *New Federalist* Investigative Team



Have you been solicited recently by the Cult Awareness Network (CAN)?

The last time former CAN President and "anti-cult" activist Reverend Michael Rokos did some serious late night soliciting, he found himself under arrest. In 1982, Rokos was caught attempting to solicit sex from underage male prostitutes in Baltimore, Md. Rokos was forced to relinquish his post as CAN's national spokesman last summer when this scandal hit the media.

Pedophile Rokos is just one of the perverts, thugs, and dope pushers of the Cult Awareness Network (CAN) who, in the past months, have been deployed by the Eastern Establishment think tanks, foundations and law firms that created CAN, to slander the political movement of Lyndon LaRouche. As this report documents, the Cult Awareness Network was created and is directed by the people and agencies responsible for turning your son into a dope head, your daughter into a witch, and your grandchildren into gang members or Satan worshippers. The Anti-Defamation League of B'nai B'rith plays a major role in financing and directing CAN's activites, particularly those directed against tacked LaRouche's associates for exposing a notorious pedophile network run out of Omaha, Nebraska.

With the formation of "The LaRouche Victims' Support Group," CAN director Cynthia with a Baltimore vice squad officer posing as a minor. According to an affidavit from arresting officer Joseph G. Wyatt, Rokos solicited him, saying, "I want you to tie me up, put clothespins on my nipples, and make me. . . ." [perversion

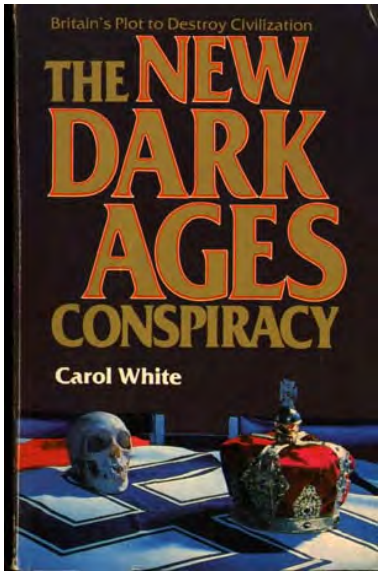
LAROUCHE'S WAR AGAINST BRITAIN AND THE "JEWISH LOBBY"

Since the 1970s "Tavistock" analysis series published in his *Campaigner*, LaRouche started redirecting his political obsession away from the American "Rockefellers" and against Great-Britain and the "Jewish lobby". In 1977 he wrote:

> "It will shock some that we must now face the hypothetical possibility that Nelson A. Rockefeller may, to one degree or another, come over to our side" [15]

By the end of 1978 he published the "Dope Inc *aka Britain's Opium War against the U.S.*" book which attacks the Queen of England for pushing drugs along with her allies, the "Jewish lobby" in the United States.
LaRouche wrote:

> "It is no exaggeration to sum up the situation thus: the only proper comparison for today's British drug traffic into the USA is the British monarchy's 19th century Opium Wars against China. There is more than a parallel. The same HongShang and other banking interests that developed their wealth in the China opium trade are involved in the financial side of the traffic against the USA -- aided by those leading elements of the Zionist Lobby which have controlled organized crime in the USA and the Caribbean since the early 1920s.
> This is a calculated form of political warfare against the USA by the British monarchy. […] The fight against illegal drugs and against the evil forces of "decriminalization" is nothing less than a war against Britain, to the purpose of saving our youth and our nation from the destruction the British monarchy has projected for us." [16]



In 1980 he published "The New Dark Ages Conspiracy" book, aka *Britain's plot to destroy civilization*, written by LaRouche's ex-wife Carol White (and new wife of Chris, one of the "deprogrammed" members in the early 70s, see above)…
He started to present himself in the US as the heir of the American Revolution against the 18th Century British Empire and a champion of American nationalism… the Jewish lobby often considered as a "fifth column" aimed at destroying the American "republican" (aka "anti-imperialist") values…
Typically, Kissinger will represent the archetype of the "treacherous Jew," the Jew as an alien (Kissinger is

not American). This is the peak-period of LaRouche's anti-Semitism and revisionism…

He wrote:
"The impassioned sophistry which the Zionist demagogue offers to all foolish enough to be impressed with such hoaxes is the "holocaust" thesis: [...] in memory of the "six million. […] This is worse than sophistry. It is a lie. True, **about a million and a half Jews did die** as a result of the Nazi policy of labor-intensive "appropriate technology" for the employment of "inferior races," a small fraction of the tens of millions of others, especially Slavs, who were murdered in the same way that Jewish refugee Felix Rohatyn and others of his ilk propose to revive today. " [17]

But LaRouche is still campaigning hard against "Jewish bankers" like Felix Rohatyn [18] and the "Jewish lobby" … Read from their website: "Felix Rohatyn and the Nazis" (June 2006) at http://www.larouchepub.com/lar/2006/webcasts/3324_june_9_webcast.html or "Felix Rohatyn as Satan" (July 2006) at http://www.larouchepac.com/pages/press_releases_files/2006/060720_webcast_announce.htm

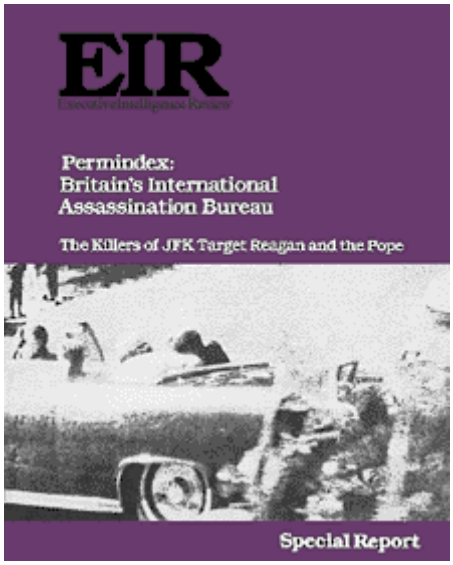
LAROUCHE AND TERRORISM

> "The same methods used to this purpose by the Peripatetics [19] have been continued by their emulators down to the present day. Such British intelligence-service creations as the Hare Krishna cult, the "Children of God," and the so-called "Moonies" are only the most obvious and notorious such concoctions. The Maoist organizations of North America and Western Europe are based on the same methods and techniques of cult design, as is the British intelligence-created rock-drug counterculture, the "environmentalist" movement, and the overlapping organization of international terrorism." [20]

LaRouche has always considered (or nearly so) that international terrorism is run by the British. They not only created Tavistock-brainwashed assassins (ie so-called "Manchurian candidate"), they also run the so-called "International Assassination Bureau", ie "Permindex" that LaRouche accuses for having killed John Kennedy. **He always considered any conspiracy to kill him, came from London**. In 1978 they wrote:

> "According to highest level sources in banking in Western Europe and the United States, a group tied to the Evelyn de Rothschild-chaired Round Table organization, the policy committee governing British Intelligence, has issued the order for the assassination of U.S. Labor Party Chairman Lyndon Hermyle LaRouche, Jr. "[21]



In the Nov. 1981 "EIR Special Report" "Permindex: Britain's International Assassination Bureau", it says:

> "The immediate direction of the projected assassination of LaRouche is deployed via London and other European centers through networks overlapping both the Club of Rome and Islam in the West, circles of former OECD director Dr. Alexander King and friends of Britain's Robert Swann."

---

[19] "Peripatetics" refers to Aristotelian philosophy which LaRouche characterises as "evil".

[20] "The Secrets Known Only To The Inner Elites", by Lyndon H. LaRouche, Jr., in The Campaigner, Vol. 11, n°3-4, May-June 1978.

[21] **"The "Black International" Terrorist Assassination Plot to Kill Lyndon H. LaRouche, Jr."** Pamphlet published in Autumn 1978. By "Black International", LaRouche means the "Sovereign military and hospitaler order of St. John of Jerusalem, Knights of Malta" (sic) headed by the Queen Elisabeth II… and Evelyn de Rothschild as her "Jewish accomplice"!

More recently, (May 1995) LaRouche accused the British monarchy for being behind the Oklahoma city bombing
He said:

> "So, here we are, a case of this faction of the British Empire, the British monarchy, prepared and exploited a terrorist act against the United States, a terrorist act of military intelligence sophistication, way above the Special Forces level; and they're the ones who benefited." [22]

A few months later he wrote in his Executive Intelligence Review (EIR) weekly magazine an article entitled "**The New International Terrorism**" (at http://www.larouchepub.com/lar/1995/terrorism_intro.html) where he defines what he means by "British" ie the "British oligarchy" or the monarchy… and that "they" are behind international terrorism. He writes:

> "A new wave of international terrorism is stalking the world. It is led by a horde of mujahideen mercenaries […]. This is the worst terrorism yet; it is much worse than that of the 1970s. It is coordinated from the capital of a former U.S. ally, London."

In the January 21, 2000 issue of Executive Intelligence Review (EIR), he published two articles accusing Britain for being, yet again, behind international terrorism
"Put Britain on the List of States Sponsoring Terrorism"
(http://www.larouchepub.com/lar/2000/terror_memo_2703.html)
and "**A century of British state-sponsored terror**"
(http://www.larouchepub.com/other/2000/terror_century_2703.html)

So what about 9/11?

Well LaRouche considers this is a "coup d'etat against the United States" that involves (of course) Britain and Israel, not Al Qaeda!
LaRouche's conspiracy theory about 9/11 is also echoed by a "former" associate, Webster Tarpley. Cliff Kincaid from "Accuracy in Media" had this comment:

> "Here, Al-Jazeera continues to promote conspiracy theories that Muslim terrorists were not really behind the 9/11 terrorist attacks. Al-Jazeera recently ran an article about a Los Angeles conference that viewed the 9/11 terrorist attacks as "an orchestrated U.S. attempt to incite world war." One of the participants was identified as **Webster Tarpley**, who wrote a book, *911 Synthetic Terror: Made in USA*. As the title implies, Tarpley insists that the terrorist attacks on New York City and the Pentagon were an example of "state-sponsored, false-flag terrorism," undertaken by a faction of the U.S. Government in order to "start the war of civilizations." Tarpley is a long-time associate of "anti-Zionist" and former Marxist activist **Lyndon LaRouche**, who himself has appeared on Al-Jazeera." (at http://www.aim.org/aim_column/4712_0_3_0_C/)

Richard Greenberg from the *Jewish Telegraphic Agency* wrote in Sept.2006:
"**Conspiracy Theories Continue to Blame Jews and Israel Five Years After 9/11** - *The Lie That Won't Die*" where LaRouche is listed as one of the protagonists of this anti-Semitic conspiracy theory.

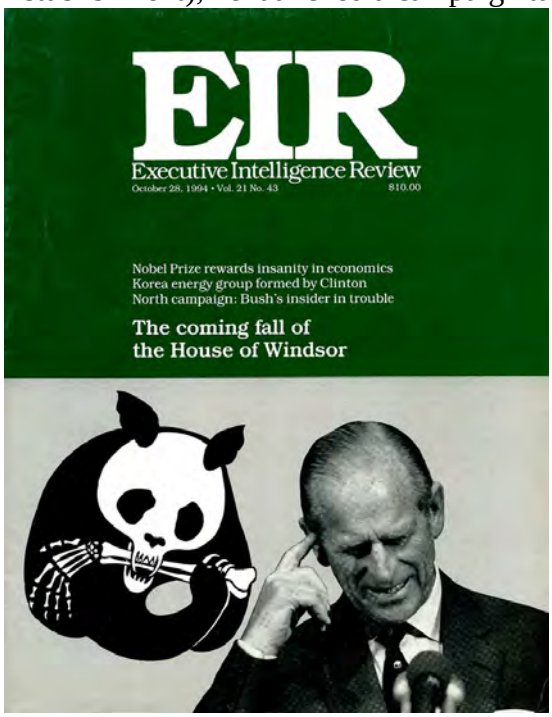
That’s how LaRouche spreads his conspiracy-theories, via what is often called the “LaRouche network”. That’s how he operates.

Now to another well-known conspiracy-theory in Britain: the “Diana murder plot.”

LAROUCHE AND THE "DIANA MURDER CONSPIRACY"

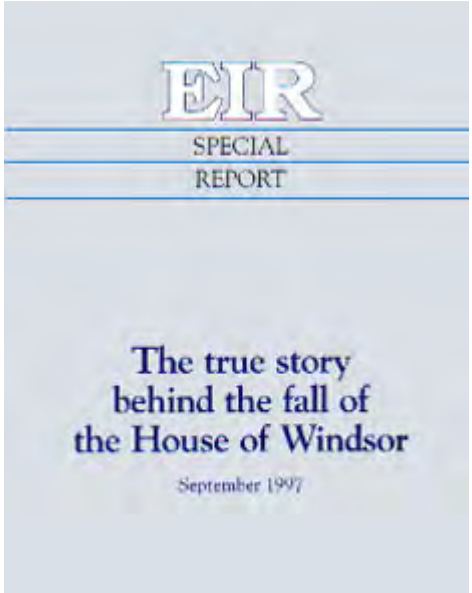
As part of LaRouche's war against the "British" (aka, the British Monarchy and Establishment), he launched a campaign targeted against Prince Philip in Oct. 1994.



In this article they attackedPrince Philip as "nazi". (The same characterisation was done by Mohammed al-Fayed after Diana's death)

One of the authors of this dossier, Jeff Steinberg said in an interview on "EIR talk," august 10 1999:

"Well, I think it's credible to say that it (ie the death threat against LaRouche, note) does come from the British monarchy…" He added: "We sent a copy of that EIR Special Report with the documentation of Prince Philip, **to Princess Diana**, and she wrote back to us on several occasions, expressing her great appreciation for the fact that we were setting the historical record straight about the nature of her in-laws." [23] (at http://www.mail-archive.com/ctrl@listserv.aol.com/msg22018.html)



Just after Diana's death on 31 August 1997 they published an EIR Special Report "**The True Story Behind the Fall of the House of Windsor** " (September, 1997)

But let's be clear, LaRouche is NOT a fan of Princess Diana, far from it, but found her death very useful for his own political agenda, that is to destabilise the British institutions.

As The Spectator of 8 January 2000 puts it in an article entitled HOW FAYED IS PAYING FOR HIS DIANA LIES :

> "The idea that the royal family could have been involved in Diana's death was first expressed by *Executive Intelligence Review*, which is run by the USA billionaire and convicted felon, Lyndon LaRouche." (at http://www.guardianlies.com/Section%206/page66.html)

This connection between LaRouche and Mohammed Al-fayed was also exposed by a June 1998 article from The Daily Telegraph, as an EIR article[24] reports it :

> "the flagship publication of the British monarchy [The Daily Telegraph, note] and the Club of the Isles' Hollinger Corp., published a crass slander against Lyndon LaRouche, headlined "*U.S. Cult Is Source of Theories." The article charged that LaRouche, EIR, and the New Federalist newspaper were all behind a "Diana conspiracy industry," and that LaRouche, in league with London-based billionaire Mohamed Al Fayed, was "accusing the Queen of ordering the assassination of Diana, Princess of Wales.*""

During the "Tomlinson affair" and the divulgation of 116 names of MI6 agents, the LaRouche-Fayed connection was again exposed.
Andrew Alderson wrote in *The Daily Telegraph* (16 May 1999) "Fayed Faces Inquiry over Links with Rogue MI6 Man.". [**http://www.telegraph.co.uk**]

> "Mohamed Fayed, the Egyptian billionaire owner of Harrods, extended the hand of friendship to Mr Tomlinson at a secret meeting last August [1998] at his villa in St Tropez in the south of France, *The Telegraph* has learnt.... [I]t appears the two men came up with a conspiracy theory relating to how the Princess of Wales was 'murdered'....

Bizarrely, EIR chose to run the 'raw' list alongside an article promoting Mr Fayed's theory on the death of the Princess of Wales and his son....

On May 16, 1999 the BBC reports also about The Telegraph exposure of the LaRouche-Fayed connection :

> "The Sunday Telegraph says Mr Tomlinson and Mr al-Fayed met last year in France, and it reports that Mr al-Fayed has links with EIR publisher Lyndon LaRouche**. As a consequence of (and the exposure) of LaRouche's use of Diana's death to destabilise the British institutions, the Aug. 5 1999 edition of *Take a Break* magazine published an article under the headline, "Shut This Man's Mouth," (ie LaRouche) written by Katie Fraser, and characterising LaRouche as "dangerous." She claimed that Buckingham Palace has become "increasingly alarmed" at the fact that exposés by LaRouche-associated publications about the British monarchy, such as the alleged royal family's involvement in the death of Princess Diana, "are being spread around the globe," and are being read in places like China, the Middle East, South America, and Africa, thanks to their circulation, including over the Internet. Fraser quoted an unnamed commentator, declaring that LaRouche's claims represent "the biggest threat ever to the reputation of the Queen worldwide.... Something has to be done."

In response to this, the Aug. 13 EIR published an article "British Magazine Publishes Death Threat vs. LaRouche". The EIR article estimates that this *Take a Break* article is a call to assassinate LaRouche:

> "Debra Hanania-Freeman, national spokeswoman for LaRouche […] after consulting with security experts familiar with the modus operandi of British intelligence networks, we are treating the piece as a cover for an MI6 order, probably with direct backing from someone in the royal household, to **assassinate Lyndon LaRouche**...."

In the same EIR they published an interview of Al-Fayed. where he is quoted saying:

> “Prince Philip is the one responsible for giving the order" (for Princess Diana's death) and "He is very racist . . . and I'm sure he is a Nazi sympathizer." (at http://www.larouchepub.com/eirtoc/1999/eirtoc_2632.html)

CONCLUSION

Another typical example of this anti-British warfare by LaRouche was revealed by an interview he gave as early as March this year to the Islamic Republic of **Iran** Broadcasting (IRIB) English Radio in Tehran. IRIB is the state-owned radio and TV broadcasting network. (A Farsi translation has been broadcast.)
LaRouche blames the British for the threat of a possible military strike on Iran:

> “… the Liberal Imperialist crowd in London, which is the Blair-Jack Straw crowd, is actually the architect of this. […] It's an Anglo-American operation, but the policy itself, which is the British policy of the Arab Bureau, the so-called "anti-Islam policy"

trying so to derail Britain’s diplomatic efforts towards Iran.

LaRouche is waging an ideological and political war against Great-Britain (and its supposed puppets the “Jewish lobby”) for the last 30 years.

In this sense the LaRouche organisation or network can be considered as a **terrorist organisation.**
Terrorism is a form of warfare and like war it is not just about weapons, it is also about propaganda, words.
LaRouche has been spreading sophisticated conspiracy theories that blame the Jews and the British for all the evils in this world, for the last 30 years.
and this fact seems to appear unnoticed… until the death of Jeremiah Duggan.

When Jeremiah Duggan attended one of their conferences in Germany in March 2003, a supposedly anti-war expose, he realised that, as a British, as a Jew (who happened to have had some counselling from the Tavistock clinic), he felt under tremendous psychological pressure and died, **terrorised**, in mysterious circumstances.
We do not know what happened.

However it is fair to say that he is the first fatality of this LaRouche “propaganda warfare”.
